Sound Transit Central Link Light Rail Project (Sound Transit) has applied for a National Pollutant Discharge Elimination System permit modification in accordance with the provisions of Chapter 90.48 Revised Code of Washington, Chapter 173-220 Washington Administrative Code, and the Federal Clean Water Act. Sound Transit requested the addition of four new outfalls to the existing permit for the discharge of stormwater associated with construction and uncontaminated construction dewatering. The new outfalls are designated as outfalls X, Y, Z, and AA and the receiving water bodies are the Duwamish River, Riverton Creek, and Southgate Creek.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.

PUBLIC COMMENT AND INFORMATION

A tentative determination has been made on the above special permit conditions which are intended to prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.
